LOCAL GULF COAST BUSINESS ANNOUNCES PARTNERSHIP BUYOUT THAT WILL ENHANCE SECURITY SERVICE OFFERINGS

Robertsdale, AL (July 21, 2020) – Business Information Solutions, Inc. (BIS), the leading technology provider on the Gulf Coast, has recently announced a partnership buyout. This agreement gives sole ownership of BIS to Co-Founder and CEO Phillip Long.

BIS will continue to provide the Gulf Coast business community with best-in-class managed IT support, cloud services, compliance consulting, cybersecurity protection, business continuity and voice and data solutions.

While many things will remain the same, there are some changes on the horizon to better meet client needs including internal staff development, redesigned technology business reviews and enhanced cloud and security offerings.

“I am very proud of where Kevin and I have grown BIS over the past 19 years,” said Phillip Long. “I am also excited about taking our service offerings to the next level and providing our clients with an even better level of support. I have a list of business objectives that we will be launching over the coming months to provide best in class security and IT support offerings for our market. I can say that the best is yet to come.”

Although BIS Co-Founder Kevin Welch is no longer a partner, he still remains an integral part of the organization as a senior onsite engineer.
